Fraud protection. These bank details will not change by email. If you ever receive a message asking you to pay a different account, do not act on it: telephone 0113 465 5101 and confirm with us first.

3. Pricing

Clear, published prices with no setup fee and no hidden charges. A licence covers one site for one year, including every device at that site up to the plan's device allowance, the portal, all integrations and support.

Plan	Devices per site	Per site, per year (ex VAT)
Education 1	Up to 250	£395
Education 2	Up to 750	£695
Campus	Up to 1,500	£995
Trust and enterprise	Unlimited	By quotation
Business 1	Up to 50	£350
Business 2	Up to 250	£650
Business 3	Up to 500	£995
Business 4	Up to 1,000	£1,495

Multi-site discount: the second and every further site is 20% off. Prices exclude VAT at the standard rate, shown separately on every invoice. Optional hardware such as the Lockdown Alert panic button kit is quoted separately. Quotations are itemised and valid for 90 days.

4. How to buy

Buy online from the portal at <https://app.lockdownalert.co.uk> by card or Direct Debit, with a VAT invoice available straight away, or email a purchase order to sales@lockdownalert.co.uk and pay by BACS within 30 days. Renewals are annual; you are reminded by email before a licence ends and nothing renews without your say-so unless you have chosen automatic renewal.

We reply to procurement and finance questions within one working day.

5. Data protection

Input IT Limited processes personal data on your behalf as a data processor; your school or college remains the data controller. The service holds the names and email addresses of the staff you invite to the portal, device names and connection status, and the alert history. It holds no pupil data. Data is stored and processed in the United Kingdom on servers we manage, encrypted in transit (TLS) and backed up daily. Access is by named user accounts with optional two-factor sign-in and Google or Microsoft sign-in, and every action in the portal is recorded in an audit log you can see. A data processing agreement is available on request. Full details: <https://lockdownalert.co.uk/privacy.html>

6. Safeguarding

Lockdown Alert is set up, delivered and supported remotely; our staff do not normally attend school premises. Any on-site visit is arranged in advance with the school and takes place with school staff present, under the school's visitor procedures.

7. Insurance and accreditations

Certificates of insurance and accreditation details are available on request from sales@lockdownalert.co.uk.

8. Public sector frameworks

Lockdown Alert is bought directly from Input IT Limited under your own procurement rules; it is not currently listed on a purchasing framework such as YPO, ESPO or Crown Commercial Service. Itemised quotations are provided for your records.

9. Declaration of interests

Input IT Limited declares that, to the best of its knowledge, none of its directors or owners has a personal or financial connection to the staff, governors or trustees of any school or college it supplies. Should such a connection arise, it will be disclosed in writing to the school before any order is accepted.
